

STEWARDSHIP LIFESTYLE SEMINAR

There are three main ways this Seminar can be a great blessing to your family.

BLESSING #1—THE BIBLICAL FOUNDATION

The messages preached on Sunday will teach what the Bible says about financial priorities and our responsibility to plan accordingly. **Our goal in these messages is to encourage you spiritually, strengthen your marriage and your family, and inspire the Body of Christ to do the Lord's work.**

BLESSING #2—THE PRACTICAL APPLICATION

Once you've understood your responsibility as a steward, our workshops, offered each evening, will help you apply these principles to everyday life. We have found that instruction without application leads to frustration.

Topics covered include budgeting, debt reduction, savings, college funding, legacy gifting, retirement income and estate planning. **Our goal in the workshops is to equip you with the tools to handle financial choices with Biblical wisdom.**

BLESSING #3—THE PERSONAL CONSULTATION

Every family has its own distinct challenges. Therefore, we target your individual needs, questions, and concerns in 90-minute sessions on Monday and Tuesday. We have been told that these Financial Reviews have been the greatest blessing to those who take advantage of them. **Our goal is to provide a special time just for you to address your unique, financial situation.**

THIS LIFE CHANGING EVENT**

THREE GREAT BLESSINGS

SERVICE TO OTHERS

The Life Financial Group is a team of seasoned financial advisors with a distinctively Christian worldview, servicing the community since 1978. They manage more than \$120 million in assets for families nationwide. In addition to investment, tax, and insurance planning, they also deal extensively with estate planning. Through this work they have seen financial resources provided to local churches which otherwise might have gone to estate taxes, probate and attorney fees. They offer financial services, securities and advisory services through Geneos Wealth Management, Inc., member FINRA and SIPC.

It is generally recommended that you consider the following six unique convictions when investing.

- 1.) Don't gamble, use lower risk investments.
- 2.) Look for a fund manager with at least 10 years experience.
- 3.) Steer clear of investments that are morally offensive, where possible.
- 4.) Keep your investments easy to understand. Education is imperative.
- 5.) Avoid investments with large redemption fees or high annual expenses.
- 6.) Demand independent third-party research for all recommendations.

IT IS REQUIRED IN STEWARDS THAT A MAN BE FOUND FAITHFUL.
